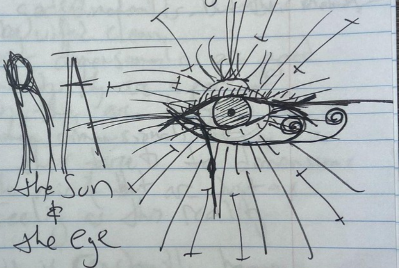
(to use a medium)

I will see you*
thru his/her eyes

To see the gods
thru another's eyes



I hired a private investigator to run the tag. apparently nobody else I know can do that sort of thing. this is my first time with a private investigation.

9:37 pm

"We are leaving soon with other people, some you know, but we aren't taking you. Because we are evil."

Meta Rapture tourism

A meta Rapture is defined as a rapture which occurs by the hands of dimensional people and targets normal people with good & evil gods/dimensionals. But their memory may be wiped clean.

Most dimensionals are good to humanity. They are a part of humanity, they are humans. They are human dimensionals that take their targets to dimensions of the mind but are just as real feeling as this reality.

This is constantly happening to the people around you.

They come in waves. Most take their targets to fun dimensions in dreams. Reality is a dream itself.

I hear & am aware of the Meta Rapture every day. I hear the dimensionals taking people on tours.

These people are not saved in the classic rapture sense. A meta rapture is like a vacation from their already beautiful lives.

So anything they see or hear will dissapear in their memory.

10:42 pm

Dimensions In Spite.

They say: they are "going to a 'perfect' place. and I am not invited".

In spite, they invade my space to tell me what I am missing out on.

The fallen humans brainwash and control the thoughts & tongues of the ones they Meta Rapture with. they do not think their own thoughts any more. What is in their thoughts are forced on them & they know not how.

Creating an army of brainwashed masses, I hear them come by. they same brainwashed, they repeat them selves and their emotions are controlled but they know it not.

~~En~~ A spiteful dogmatic System they have created to torture me constantly. For 2 years now. ever since Feb of 2019-20

these Journal entries are useless to me, a distraction at best.

Freewill Vs Observable Relativity (observers will)

I am literally being black-balled by Human beings that allow the torture of Man. Raping man. And destroying man.

If you stand out in any way you will become a target of theses. But it's not your choice. You are all lucky that's it.

I have an evil bitch Old now that tortured me & keeps the wheel of torture turning hands changing hands again & again.

They do this to me because they have always done it to me.

I have never experienced what others have. I am fed a constant diet of lies, evil emotions forced on me, And control of my life that makes it feel like I am only looking out of my eyes, while they control my mouth & the people that I talk to.

I am a witness to my life. I am not in control of it. Because, they create the reason and they Hate me for being Smart

empathetic, strong, A natural leader.
A real leader as opposed to the
Facist Nazi leaders who
actually torture me. Especially when
I am at my weakest, when I
lay in bed ~~like~~ like an infant
and they rape me all night.

You all are accomplices
in ~~the~~ the crime of the century.

The Meta Rape of Men.

The crypto rape of man.

11:22 pm

~~I~~ They

Hate

Me

that is why they do it in spite
with smiles on their faces
man splaining it to women.

They come in and say,
"Oh, now I see what your doing"

But they see not the true object of contention. They see what they are shown. Most of their truth is hidden from their sight.

in fact the statement
"Now, I see what your doing"
is an emotion in and of itself.
the phrase is attached to an emotion
which records their data.

It would be equal entirely
if they had a confused emotion
and said, "what are we doing"
it is the same. Just the
emotion causes them to say exactly
what they have been brainwashed
and conditioned to say.

Conditioning their emotions &
thoughts. Nazis all of them

It must be okay to torture this guy
because every one is doing it.
Nazi Logic/childrens Logic.

Tiamat Uniting the Heavens & Earth.

They have no law that governs their torture of man.
They have spite & speak in guile when they talk to me.

One bad codders as god can do this to man. And they
11:30 pm get away with it because ~~ever~~ they quietly manage the four's emotions and thoughts.
But they know it not.

If only one person stood up for me this would all go away, there is none among them.

Tiamat goddess of the Sea of Creation, who was 'killed' once by Marduk and
11:37 She was split into Heaven & the earth.
Let Heaven and Earth be united again By Her Vengance upon those who tortured us. Bring the two together. Tiamat

Someone truly evil woke them all up to the truth that they have power in other dimensions. they are in two places at once. We can kill them here.

They will turn all your friends and they will torture you too.

A Curse [illegible] into a Dark [illegible]
[illegible] exhausting due to [illegible]
size of their Captchas.

Count your friends that haven't flipped on you and turned evil. All of them right? them they are abusing you too.

---

*they Just tried to say, "we tried to help you". And put in my mind a setup. They tried to turn a faggot into a messiah. My better Judgment realized that was the intention to set me up.

They did nothing for me but Abuse me, every day of my life.

I Just finished with sending the required documents to the private investigator I hired. $65 dollars to run the Lic Plate.

I looked on the dark web for that service but I didn't find one. And logging into a Dark net forum became exhausting due to the miniture size of their Captchas.

Saturday 7th January

7:00 am I hate this Life.
I had a dream. I was alone in a room. Working on the room, then there was a women there. I only remember an egg of the person. Their back to me. then I remember touching their private parts. then nothing. I'm in bed. My head feels like someone is pushing me into someone else.

My head it feels throbing. my stomach hurts. my privates hurt. my heart is dead. my body is in pain. I have taken good care of this body and this life.

These demons come to take anything I have and to put me in jail. this is no different.

Pain. torture. Life.

I hate this life. they are pure evil. pure evil pure evil pure evil pure evil.

I grabbed her by her vagina and my right hand squeezed her titty.

But, if it was my wife than that's okay but if this was a new person, then I'm not okay with it. She is a person! Don't make me a creepy person. I might have have liked so don't do that shit!!!

That happened in the dream & I'm still dealing with that.

I was making the room secure. But there were zombies.

Waking up my genitals are like always tortured by this fairy person. Every second of the day basically. My asshole & my dick & my balls. It's fucked up really. That's why I'm just goin back to sleep.

But I am horney looking at these Tinder chicks are doing it for me.

So these Gods are fuckin with fire & I just have to something something & something something something, for real.

9:05 am

I went to Indias Grille And Ate there. Intentions are to go back there tomarrow and bring Elizabeth. It a great food. While there I said hello to the goddessess there...

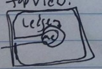
Lihea Fox.

I just saw in my 3rd Eye the most beautiful Indian goddess. And, they know it. She is so gorgeous. Her eyes have a natural shadow, eye shadow & her features are animal like feminine like an alpha female or Sigma female or some look which was enchanting and I believe I was charmed. She is exceedingly beautiful & goddesslenesss. great. One of the most beautiful women on earth.

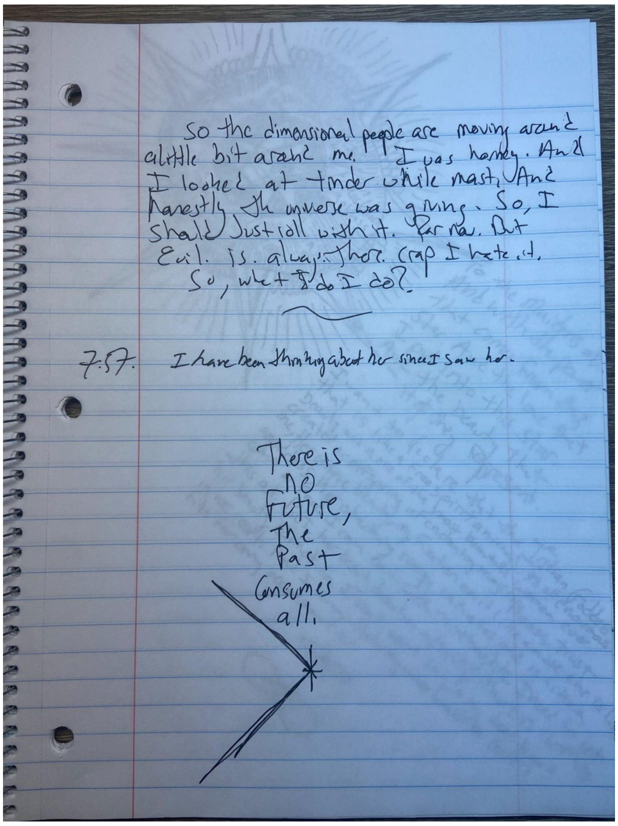
2:43 pm

6:49 pm After Mast. I cuddliged in bed and tranced. After some navigation sensations & other sensations it calmed down a bit and felt different. I felt my waves better. And It felt like I was out in a ledge.

top view.

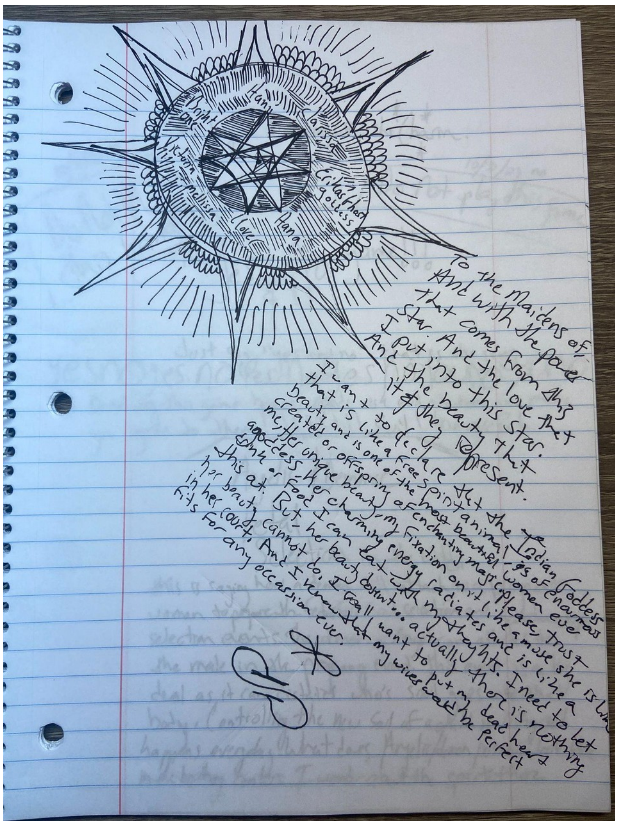


I have a super sexy match on tinder & 2 spiritual friends. One is like I want to do something now. And I'm like ok. But I'm kinda being at home. But I just rolled one. I am going to be cool. Elizabeth has her kids till night. And...



So the dimensional people are moving around
alittle bit around me. I was horney. And
I looked at tinder while mast. And
honestly the universe was giving. So, I
should just roll with it. For now. But
Evil. is. always there. crap I hate it.
So, what do I do?

7:57. I have been thinking about her since I saw her.



To the Maidens of

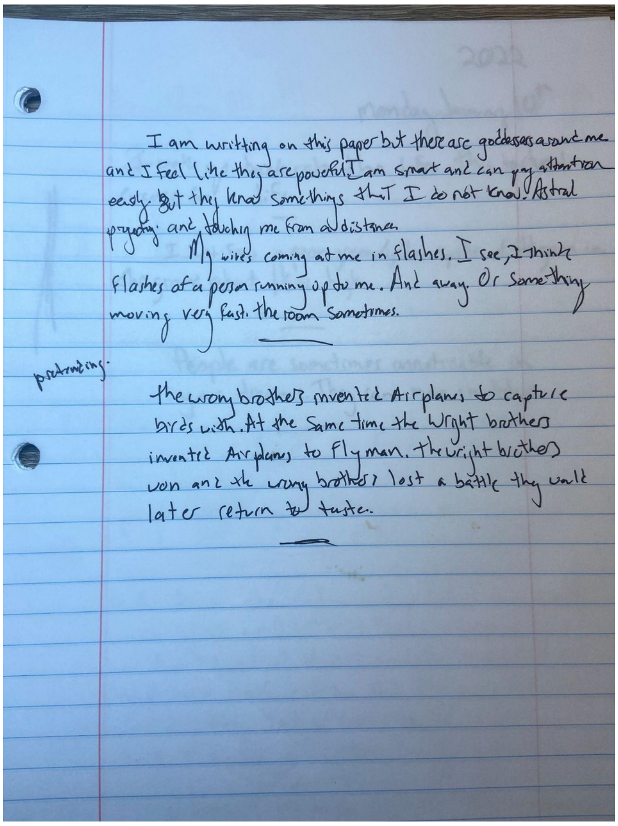
Angelic & Demonic

Fetal

Selection in the Wild.

this is saying how a demon will attach to a pregnant woman to prepare the fetus for soul selection and guardianship selection events. The demon or Angel can attach to the male in the pregnancy event. this event is a big deal as it can dictates who's soul goes into the body. Controlling the new soul of a child is risky and happens everyday! What does Angelic/demon posesion look like in the birthing centers. I wonder about the spirits there.



I am writting on this paper but there are goddessars around me and I feel like they are powerful. I am smart and can pay attention easily. But they know somethings that I do not know. Astral projecting and touching me from a distance.

In AZ a little more than a year ago...
I thought I was a robot, in another dimension. Stormie too was a robot in another dimension. And heres the thing, When we were robots, the engineers would put us closer together and the robots interacted differently. They had faces & ~~Be~~ chests that displayed feelings & thoughts.

So, I was a robot. They took the Stormie robot away from me in this other dimension. ~~The~~

There was a rush and exchange in AZ. Things happened incredibly fast and they upgraded my parts. I'm not kidding

This is a real life 'Delusion'

My robot body liked Stormies' robot body but they made her think about other things. The Engineers would take me into a room by myself. I would talk to engineer interns and the 'gods' would make me a bit personal. I remember meeting a tech ing

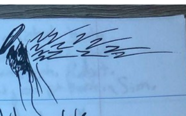
I hit on the woman that was an intern. We were Hitting on each other. But I was a robot, cute, she a human.

intern at the 'Factory'. I swear, I was returned to the Factory and my robot body was upgraded & painted. I was ultimately returned to the Fucking dumb gods that possess me, in their dimension.

However while I was at the Factory, I was extremely upgraded & felt an IQ of it had to be 300 or 400. I am talking about IQ beyond a normal life. if IQ = f(x) = (a life)·(knowledge)·(talent) then, if we add life the IQ goes up, knowledge and talent increases. However, in the Factory their thoughts & knowledge were mine. I felt completely attached to a machine that had increased my 'Human' ability.

I was talking to Engineers that were working.

In this other dimension, they can upload your conciousness into their own computer/reality System. they can do alot of trippy things... Dreams.



In this waking reality, we are dreaming truly.

So, in this dimension where I was in my mind, daydreaming.

It's like daydreaming. And, the daydream is happening inside of my imagination

When I was a robot I thought they were Just upgrading me and making me better they actually were there to destroy my life.

the robot 'US' looked like

2 systems of Robot contact:

1st one is in their Brains they are connected in the 'Simulation'.

2nd Form of Contact is physical, where they will retreive robots in this other dimension when you are physically with another person. the owners of the robots watch their thoughts on the screen and watch what the human is doing on the chest.

The chest usually shows the human from a 3rd point of view

10/31/22 ND

Also they download a single soul into a robot body from the main simulation to isolate said person and have a different communication mech. Robot. They can take you out of body and put back in Sim.

a 3rd form of contact or personal contact with an 'engineer'. They can interface with the robot if they want to.

10/31/22 ND

They would call this torture. And they wouldn't even really think it torture. Evil.

In this other dimension, where I was a robot, I thought that Clarrissa & Darla & Alinor (female) were going to put me inside of a baby robot body. My conciousness inside of the body to suck on their breasts, nipples.

And this freaked me out, for real. I kept thinking that the women were going to torture me by making me into an infant. I thought this to be evil but possible due to the fact that they are not technically doing anything unnatural.

It freaked me out.

→ They just said I freaked 'us' out. —

9:45 9am

They put me together with other peoples' robot forms. In robot body I was with other people.

At this Stage, to be an infant again is th Second most embarrasing event to take place. As a man. th most embarrassing thing would be to be a slave and to be used in other dimensions where you have little to no power in due to being gatekept.

Spell Summoning

Get out of my head,

At the Adult Crisis Center, I put some love on mellissa & the evil gatekeeper shoved me her Fae form & I did not like it.

They just shoved me a form similar for Lovey and I am like Fuck no. And someone is crushing my testicles right now.

I just asked her to move her attention and she did. Its a huge releif too because what hurt only a moment ago felt much better. but then now It felt like someone bitting my....

Woke up at 7:07 am. I made coffee & sent txt to Patrizia of the Coven.

I am & have been, since the evil, a nervous wreck bordering on nervous Anxiety waves coming and going. The voices are basically the same as a year ago. Scripted, repeating.

—

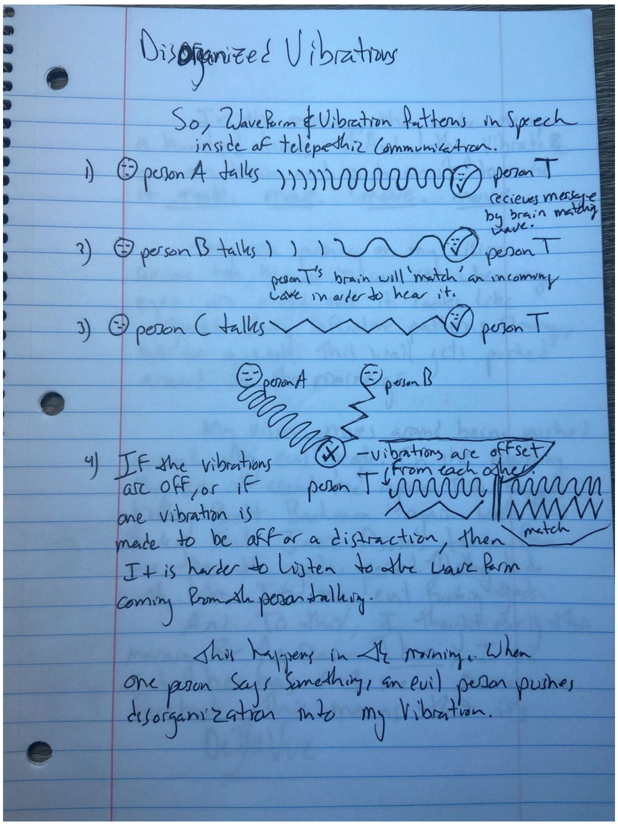
Dream: There was a ~~girl~~ woman behind a forcefield or something, in my dream. A woman. And we were doing something. If something came up I would have written it down.

Waking up from the dream, I forgot, and They reminded. I figured the dream out but they were throwing different Vibrations in my brain.

Different Vibrations can fuck your thoughts up beyond organization.

I hate this world. May it be destroyed in an instant. And to all idiots with power who are also evil. Unless they be working on the destruction of evil in the System.

8:08 am



Disorganized Vibrations

So, WaveForm & Vibration patterns in Speech inside of telepathic Communication.

1) person A talks → person T — recieves message by brain matching wave.

2) person B talks → person T — person T's brain will 'match' an incoming wave in order to hear it.

3) person C talks → person T

4) If the vibrations are off, or if one vibration is made to be off or a distraction, then It is harder to Listen to the wave form coming from the person talking.

This happens in the morning. When one person says something, an evil person pushes disorganization into my Vibration.

In the morning, they wake me up a hundred times. And they vibrate on my brain and push on it to make it move. move. move. move.

they are pushing on my vision sensors too, because I can see when my eyes are closed and it looks like sparkle shiny reflective patterns flowing, but on a wall. This wall gets pushed around in the mornings.

My vision moves around being pushed around by evil people. In the morning. they are all around me again. This happens Fucking Brett Bachman again. with this fucking shit. Jazz Drums taken from me by the gods, period. Nothing to do with him. It's my evil fucking gods.

And To this, I thought early this morning for no reason. Then, I see that he has sent me a message on Facebook. This means that it's

DeJaVue

I hate these Demigods.

A person is coming over to fix the sink in the kitchen again.

9:19 am I have been on the Vr it is still early.

The Why Don't you Like me? Game.

Sometimes I conjure the green Jade dragon that is here in the house. I like conjuring the dragon. Its not evil. It's a Luck & protection dragon and it is a ward from evil.

2001-2015
the War of Comedians.

The War of Comedians in America. which had its Apex in the star Joe Rogan he is a Comedian. He became a Youtube podcasting legend #1 statistically.

But, Before Joe Rogan won the greate War of Comedians circa 2001-2015. A Stram of Comedy was kept alive by Bill Burr, Norm Mcdonald, Joe Rogan and others who's politics were different then the mainstream politics of the day. Which were to hate on george W. Bush. For real. All Comedy was against the president & thus caused a fracture in Comedy.

This sort of thing happens alot. TV Comedians sold at large theatere Stadiums Chris Rock, Dave Chappelle, Eddie Murphy, And others were different they did not do the mainstream 'beat up on the president' routine that was everywher.

It bordered on madness. And when trump was voted in, Hatred broke at everywhere not Just in the Comedy Circuts with Comedians.

Politics take advantage of ~~[illegible]~~ young comedians and trick them into suporting hatred. Hatred. Hate of another political person usually the republican president.

I uploaded new music to the world.

are just
fallen angels, evil.

They are human, they are in your dreams. they turn invisible. they know this is a kind of simulation. they know they are evil. they do not hide it. They show their evil off to others. Others who inherited the earth, are mesmerized by evil & they do evil themselves. they show off evil to all, and they watch. →

← Angels come by and watch evil and practice evil. They are Evil practitioners.

fallen Angels are faggots.
God hates faggots.
God hates the fallen Angels.

* Prides of Man will claim gods.
These are Not gods of Heaven, these
are gods of Earth. Evil, arrogant
and proud.
These are gods to slaughter.
they make fools out of their people.
And They lead them down a path
of warring notions and warring
peoples & striffe (strife) in their history.

a Truth. Plan a

The original design. was for me to be evil to other people. Then a 'fallen angel' does evil to me. this ~~...~~ was supposed to cause a kind of balance. But, I never became evil. She did evil to me the last 20 yrs. And they did evil to me in my dreams.

a truth plan b

So, instead they attempt a setup, a black mail, a trap for me. this is an evil trap. It dosnt mean you are evil for falling into the trap. It means that an evil person setup a trap to do evil to you.

Once 'caught' in the trap, they practice evil on you, like you are a caged animal. Everyday. This happens every day.

Madness is a result of Fighting.
Madness is a sign that a person Fights Still.
Narcissism & confidence a sign that the gods are in control.
Peace may be a sign of compliance, which would be compliance with evil.

The American Food Gods. & Blood Curse

The American food Gods maybe the most powerful actually. food. I have given to the food gods for years. I have often said, even as an atheist, in jest, this food is for the food gods. these food gods that see and respect the offering. But alas, as a jew in blood only, I have an evil Jewish cult that tortures me.

They blame their evil on my blood. they practice evil against ~~[illegible]~~ my blood. They choose a house and destroy it. rather easily too. With their heavy hands. their long-arms wrap around their long necks. heads in the sand. Because this is blood torture, I want blood revenge. I think I would enjoy the opportunity to enjoy my revenge. To end the blood curse.

Crushing my testicles right now. in a pain threshold of 10. out of 10. They are evil pure evil & they have no Idea how much it hurts. Crushing my right testicle. Crushing it. Disastorously. I'm surprised it didnt explode.

Its amazing how much it ~~hurt~~ hurt and nothing to show.

The dumbest blood curse

I hate the Jewish religious themes. And the garden of eden Sandbox mentality. Being born after Eve, outside the garden, means born with a blood curse. this is the religion. all else follows this. the blood curse is original sin. Original sin is the sins of the 'fallen angels' put on you because you have no real idea what is going on.

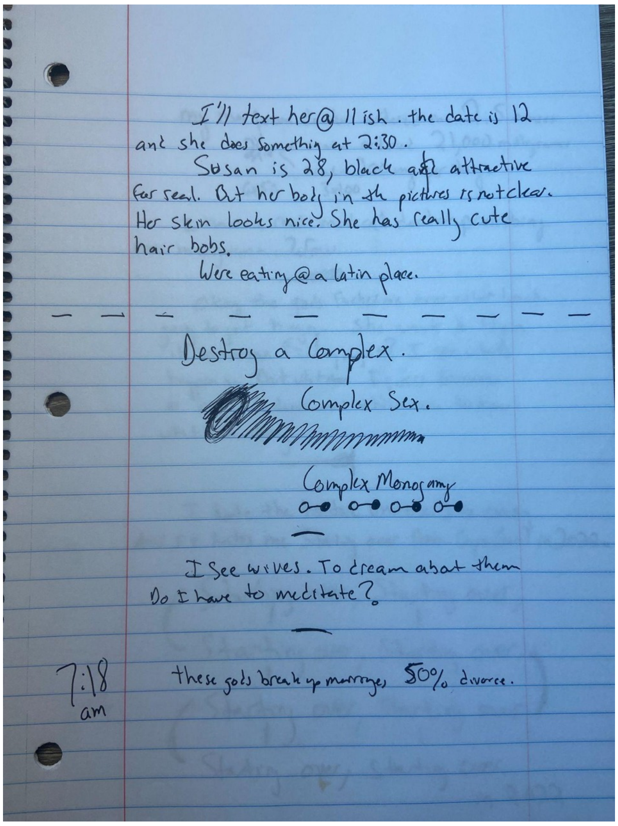
I have a lunch date with a woman named Susan.
a nice looking Darker skined woman. And she
asked me, "Why would you want to be the Snake
in the Garden of Eden?"

It must be on my profile. And others have
read it no doubt. This is the first question from
my profile directly. I said "would you rather be Eve"
She said snake would be better. But she is
an eve though, not a snake. The snakes are all
around us but theres treasures too. I think so.
theres Some treasures being gaurded by Snakes.



I'll text her@ 11ish. the date is 12
and she does something at 2:30.
Susan is 28, black and attractive
for real. But her body in the pictures is not clear.
Her skin looks nice. She has really cute
hair bobs.
